

November 6, 2007

Scott L. Waugh
Acting Executive Vice Chancellor and Provost of UCLA

In RE: Disestablishment of the Plant Biotechnology Degree

Dear Scott,

At its regular meeting on November 1, 2007, the Legislative Assembly voted unanimously to grant the request to disestablish the Plant Biotechnology B.S. degree and its major (an Appendix V action). The Department of Molecular, Cell, and Developmental Biology proposed the disestablishment and unanimously endorsed the proposal. The Executive Board, Undergraduate Council, and College FEC likewise endorsed the proposal.

The Academic Senate is authoritative with regard to curricular disestablishments such as this. Please find below the documentation trail on this matter. Don't hesitate to contact me should you have any questions.

Best Regards,

Elizabeth Ligon Bjork
UCLA Senate Chair

Cc: Maryann Gray, Assistant Provost
Dr. Utpal Banerjee, Department of Molecular, Cell, and Developmental Biology
Ray Knapp, College of Letters and Science FEC
Lucy Blackmar, Assistant Vice Provost for Undergraduate Education
Kathleen Copenhaver, UCLA Associate Registrar
Judith Lacertosa, College FEC Manager
Jaime Balboa, UCLA Senate CAO
Linda Mohr, UCLA Senate Assistant CAO
Francine Alexander, UCLA Office of Analysis and Information Management
Stuart Brown, Chair of the Undergraduate Council
Tom Nykiel, Principal Analyst for the Undergraduate Council
